

BLaST

BIOMEDICAL LEARNING
AND STUDENT TRAINING

Undergraduate Research Experiences

The Biomedical Learning and Student Training program supports undergraduate research in the Summer 2016 semester. Up to \$6,000 will be awarded to students who have identified a project and mentor in biomedical or health research. Work with your mentor, apply now and have a BLaST!

Contact BLaST if you need help identifying a project and/or finding a mentor!

**Applications due
March 7th**

To Apply go to
