

UAF CAMPUS COMMUNITY GARDEN

2016 Growing Season Kick-Off Meeting

Thursday, April 14th 6:00 – 8:00pm
Murie Auditorium

6:00 – 6:30pm | Starting Seeds, Soil Amendments, and Alaska Hardy Plant Varieties
Presentation by: Steve Seefeldt, PhD - UAF Cooperative Extension Service

6:30 – 8:00pm | Annual Garden Meeting and General Information Session,
Sign-Up, and Plot Payment (cash or check), and Seed Swap

Tips for Seed Swap:

1. Bring your seed in containers that can be opened so people can take what they want
2. Bring small containers (envelopes, pill bottles, etc.) to take seed away in.
3. Provide as much information as possible about your seed: species, variety, conditions in which it grew, strengths & sensitivities, maturation time, sprouting time, etc.
4. Take only the amount of seed you intend to plant.
